

Procedures and policies for maintaining and utilizing facilities

Since it is a government college, physical and academic facilities and support systems are provided by the State government. Insufficient facilities available in the college and the maintenance of the existing facilities that may arise are informed from time to time to the higher authority of the state government requesting to provide the same in time. In most cases, they turn a deaf ear because of paucity/lack of funds in their side.

Almost all the laboratories are lacking in support staff like Laboratory Attendants and Laboratory Assistants arising from retirement or expiry. Even the Central Library and the Administrative Office of the College had remained understaffed for long. Not every year the state Government gives meagre amount of money for procurement of laboratory equipment and accessories, library books and classroom furniture. In most cases, the academic facilities are provided in kind. Even then the college ventures for maintaining the infrastructural development from other available funding sources like UGC, DBT, RUSA etc. Minor and Major research projects of the teachers are encouraged for laboratory, library and other academic infrastructural facilities.

The normal procedure and policies for maintaining and utilising physical, academic and support facilities is through discussion and resolutions of purchase committee, infrastructure and building committee etc. Tender notices are widely circulated using print & electronic media for rate quotations for supply, repair, renovation and new construction.
